Profile

I was a lawyer and a CPA for 25 years, but I have been studying computer programming and data science since May of 2018 and I am now seeking employment in the data science industry. I will earn a Masters in Data Science through Bellevue University in June of 2021, and I also have completed a COBOL class through AIM Code School (f/k/a Interface, the Web School) and a front-end web development class through the Midland University Code Academy. I also volunteer as a teaching assistant for Mystery Code Society.

Highlighted skills and knowledge include:

- Python and R
- Data mining
- Predictive analytics
- Data wrangling and exploration
- Deep learning
- Data Visualization
- Statistics
- COBOL
- HTML/CSS
- JavaScript
- Accounting/financial/tax analysis
- Writing and speaking skills
- Research a
- Excel spreadsheets
